HYDRAULIC GOODS LIFT

" LIFT CAPACITY UP TO 10 TONS
TILL THE HEIGHTS OF 100FT.
SMOOTHLY..."

Our enhanced quality management and after sales service has been a major factor in our association with big corporate's and industries of india. We have a very long and prestigious client list and feel very proud of our achievements.

Since long many people think that installing a lift is very expensive and only rich persons can afford it but in reality our precise designing and enhanced value based operations have made this as the cheapest available generation II verical hydraulic systems.

GOODS LIFT

CAR LIFT

Compare with Hydraulic v/s Traction/MRL

	Traction/MRL	Hydraulic
Cabin Maintenance (in & out)	Same	Same
Door Maintenance	Same	Same
Limit switches Maintenance	Same	Same
Drive inspection + Maintenance	More Complex as well as risky	Simple
Rope inspection + Maintenance	More Work	Less(cabin rails only)
Rail inspection + greasing	More Work	Less(cabin rails only)
Machine visual Inspection	Complex in MRL	Simple
Lift Componets	Has more lift componets	Much less compared to MRL
